## Grade 3 & 4 Excursion to Melbourne Aquarium

Dear Parents/Guardians,

Card number

As part of our Inquiry unit, 'How do living things survive in changing environments?', the Grade 3 & 4 students will be travelling by bus to Melbourne Aquarium to participate in the 'Food Webs and Life Cycles' program. Guided by Aquarium staff, this two-hour program will see students exploring a variety of marine habitats and investigating the lives and roles of many aquatic species. **Each year level will attend on separate days due to our student numbers.** On the way to the Aquarium, we will be stopping at Albert Park Lake for morning tea and to observe the living things that are thriving in the area. We would like to invite two parent helpers per year level. If you would like to join us and have a current Working with Children Check Card, please speak to your child's teacher as soon as possible.
