

October 28, 2025

Dear Parents/Guardians,

Amsleigh Park Primary School is looking forward to another great year of teaching and learning. We would like to advise you of our school's voluntary financial contributions for 2026. For 2026 there are no increases to the requested contributions which is the 3rd year of no price increases.

The ongoing financial support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This continues to make a huge difference to our school and the programs we can offer.

Don't schools get government funding? Yes, schools are funded to a standard which must pay for everything we need to operate as a school. Most of these funds are spent on utilities, relief teaching, maintenance of buildings and grounds, waste management, photocopiers etc, with a small amount left for curriculum and teaching.

Why are parents asked to contribute? We ask parents to contribute so we can offer a higher standard of educational resources because we believe our students deserve better. This money directly supports students and is used to buy resources, consumables, equipment etc., which we know leads to better learning.

Can I use any balance of the 2025 \$400 school saving bonus (SSB) to pay this contribution or for Student Book Packs? No, any remaining SSB can only be used for excursions, incursions, camps or swimming.

Remember, your contribution is an investment in a quality education for your child. We can either offer the 'standard (average)' quality we are funded for, or we can do better. We would like to think that we can do better than standard (average), but this requires the support of our whole school community. Whilst the recommended amounts will allow us to deliver the best standard of education, partial contributions can be made by filling in the amounts you would like to be invoiced for.

Rest assured we will only ask for funding needed to directly support students; these funds will never be used for anything else. See attached the Parent Payments Policy which explains what contributions schools can request.

Invoices for Parent Contributions can only be raised to family accounts when payment, and the completed payment advice form is received. Payment can be made via Xuno, BPay, Credit/Debit Card or non SSB/CSEF credit notes/unallocated receipts from your family account.

Book Packs 2026

Information regarding the purchase of student book packs has been recently emailed to families and is also on our website. In 2026 parents have the option to purchase a book pack through our supplier, Office Corporate, or organise comparable materials from a provider of their own.

Refunds

Parent requests for refunds are subject to the discretion of the school and made on a case-by-case basis. Refunds will be provided where the school deems it is reasonable and fair to do so, taking into consideration whether a cost has been incurred, the Department's Parent Payment Policy and Guidance, Financial Help for Families Policy and any other relevant information.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,
